Features highlight:

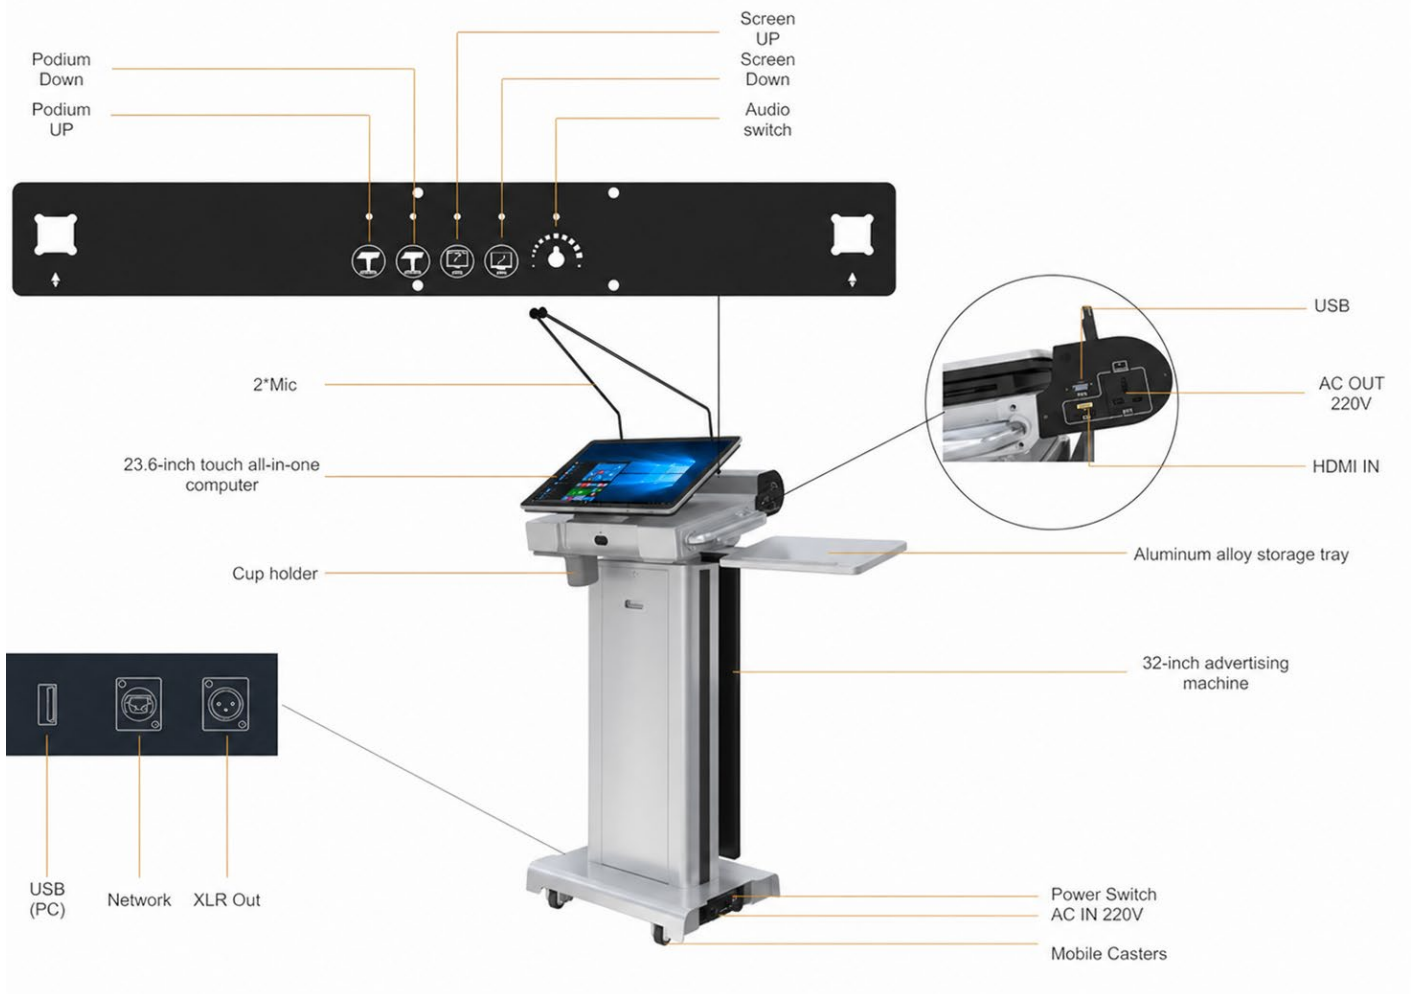

System includes a 23.6-inch all-in-one touch screen with electric push-rod adjustment for display angles from 10° to 36°. The podium desktop height is electrically adjustable via touch buttons (0–150 mm range) or wireless remote control.

Control panel features volume controls for wired gooseneck microphones, plus buttons for monitor up/down and podium up/down. Connectivity: upper right notebook input (HDMI female, USB, power socket); bottom left

Two 60 cm flexible gooseneck microphones offer a 20 cm effective receiving distance, with volume and on/off control via the panel. A separate 32-inch LED LCD screen runs dedicated advertising software
